

XVII° CATALOGO CLASSIC & INOX

artifer 1962

classic & inox

## ARTIFER1962

Da oltre cinquant'anni consideriamo importante il "valore" di quei lavori in cui la cura del dettaglio e dell'aspetto estetico contraddistinguono da sempre il nostro "Made in Italy".

Unitamente alla produzione di qualità in stile classico o di design, Artifer1962 ha sempre mirato all'eleganza nel modo di proporsi e di comunicare facendone un chiaro elemento di distinzione. La nuova immagine aziendale si pone come obiettivo la diffusione di questa "filosofia" rispettando profondamente le caratteristiche dei singoli mercati. Un rinnovato sito internet, compatibile con i nuovi supporti di comunicazione e i Social network, garantiscono sempre una informazione aggiornata con le nuove realizzazioni proposte tramite le proprie Divisioni.

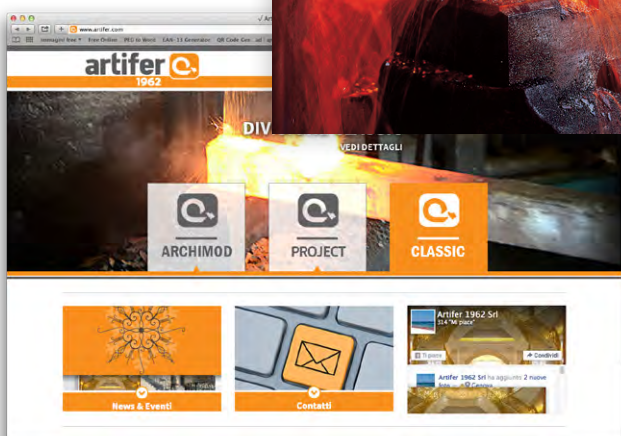

## ARTIFER1962

*For over fifty years we consider important the value of those works in which the attention to the detail and to the aesthetic appearance have always marked our "Made in Italy".*

*With a high quality production in a classic and design style, Artifer 1962 is always concentrated on the elegance of the products and the communication making them a clear element of distinction on the market. The new company profile has the objective to divulge this "philosophy" with the utmost respect of the characteristics of every market. A renewed Internet site, which is compatible with the new trends of communication and social network, assures always an updated information regarding our new products proposed by our all sharing.*

## ARTIFER1962: **CLASSIC**

La struttura dell'azienda ARTIFER si è plasmata nel corso degli anni seguendo la ricerca della qualità che da sempre ha caratterizzato i prodotti che escono dalle proprie officine di Zanè. Oggi, grazie alle nuove tecnologie tutti i processi di lavorazione sono costantemente controllati ed i dettagli continuamente analizzati al fine di elevare la qualità produttiva pur mantenendo prezzi veramente competitivi.

## ARTIFER1962: **CLASSIC**

*The structure of the Company has been progressively loomed through the years following the research of the quality that has always characterized all the products coming from the factory of Zanè. Today, thanks to the new technologies, all working processes are constantly taken under control and the details continuously analysed in order to improve the quality of the production but with very competitive prices.*

## ARTIFER1962: **ARCHIMOD**

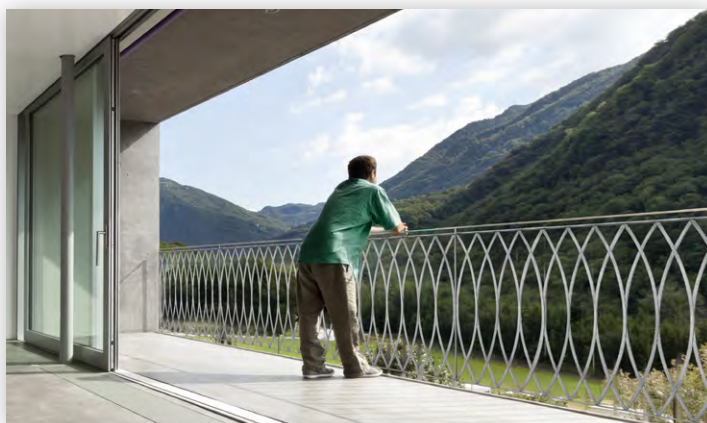

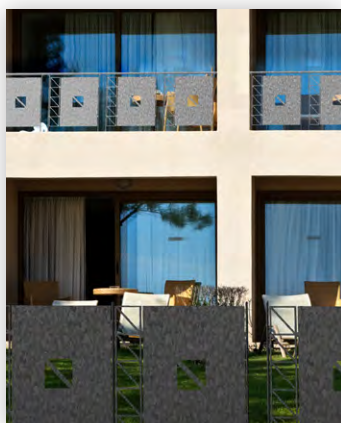

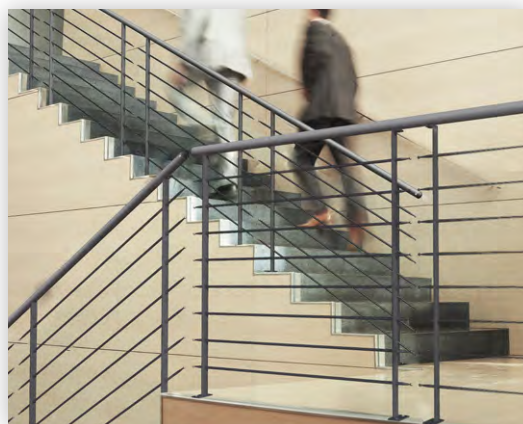

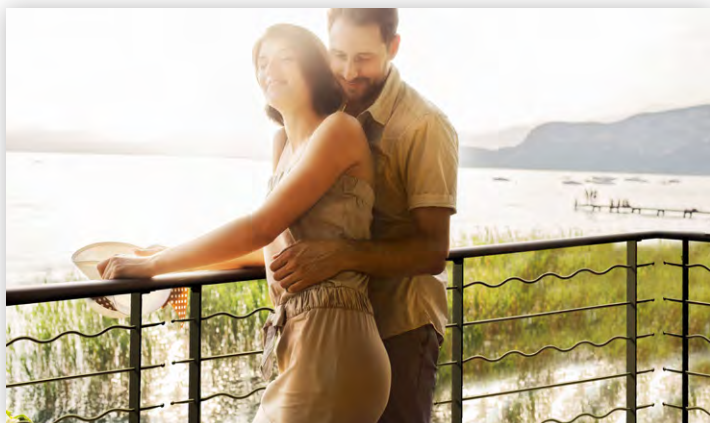

Artifer1962 propone Archimod, una linea di prodotti prefiniti modulari che, grazie alla facilità di montaggio, permette una rapida installazione a costi concorrenziali.

Balconi, recinzioni, cancelli, scale... disegni unici coordinati per realizzare tutti gli elementi per la sicurezza dell'abitazione privata o pubblica, con finiture estetiche moderne o classiche.

## ARTIFER1962: **ARCHIMOD**

*Artifer 1962 proposes Archimod, a line of pre-finished modular products which, thanks to the easy way of assembly, allows a fast installation with competitive prices.*

*Balconies, fences, gates, stairs... unique coordinated drawings to realize all the elements for the safety of the private and public residence, with modern or classic finishes.*

**RICHIEDI IL CATALOGO | REQUEST A CATALOGUE**

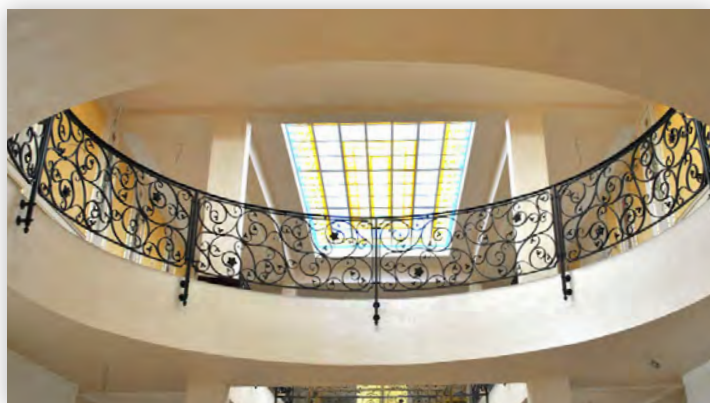

## ARTIFER1962: **PROJECT**

Dalla nostra esperienza nella produzione di manufatti in ferro battuto, si è sviluppata la “Divisione Project” un servizio per Progettisti ed Architetti con l’obiettivo di sviluppare realizzazioni su misura in base al progetto del cliente. I tecnici della divisione project sono in grado di realizzare qualsiasi richiesta e il laboratorio tecnico riprodurrà fedelmente le vostre proposte, sia per dimensione che per complessità del disegno.

## ARTIFER1962: **PROJECT**

*Our experience in the production of wrought iron elements has allowed us to develop the “Project Division” at the service of designers and architects for the development and installation of on measure work based on the customer’s project. The technicians of the Project Division are able to realize every enquiry, and the laboratory will accurately reproduce your request, both in size and in complexity of the drawing.*

**SCHEMA DI MONTAGGIO / ASSEMBLY DIAGRAM**

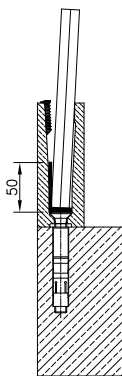

1) Montare guarnizione adesiva esterna  
1) Mount the external adhesive gasket

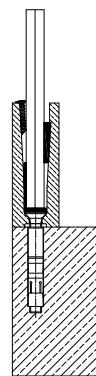

2) Inserire 2 spessori per  
vetro sul fondo del profilo  
2) Insert 2 thicknesses  
for glass in the bottom of  
the profile

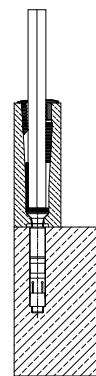

3) Inserire il vetro  
3) *Insert the glass*

4) Tagliare la gomma 100x100mm a metà e infilare la gomma 100x50mm tra il vetro e il lato esterno del profilo a distanza di ca. 500mm  
4) Cut in half the 100x100mm rubber and insert the 100x50mm rubber between the glass and the external side of the profile at a distance of approx. 500mm

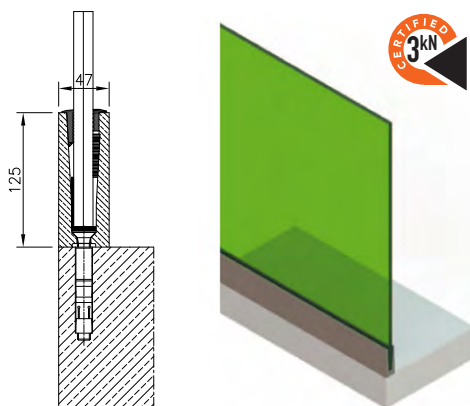

5) Inserire i cunei  
spingendo il vetro verso la  
sponda esterna  
5) Insert the wedges  
pushing the glass towards  
the external side

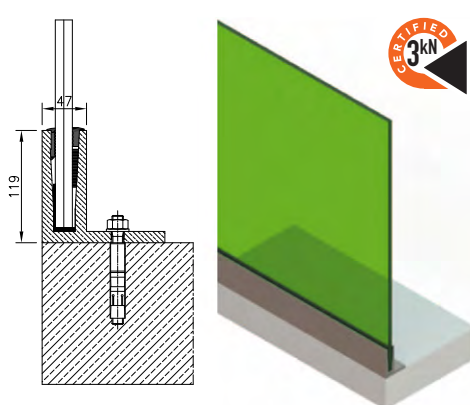

6) Montare guarnizione  
interna  
6) *Mount the internal  
gasket*

### Art. S

Su richiesta, nelle misure dei cerchi si forniscono anche semicerchi. Il codice di ogni articolo ha estensione "S". La misura del diametro dei cerchi è esterna.

By request, we can supply half-rings in the same sizes of our catalogue's rings. The diameter of rings is outside.

In den selben Abmessungen der Ringe im Katalog können wir, auf Wunsch, auch Halbringe liefern. Der Durchmesser den Ringen ist extern.

A ruego, en las mismas medidas de los aros del catalogo, hacemos semi-aros. El diametro de los circulos es exterior.

Nous pouvons fournir, sur demande, des demi-cercles avec les mêmes mesures des cercles du catalogue. Le diamètre des cercles est extérieur.
